SIT is a leader in immersive, field-based study abroad programs for undergraduates. We offer more than 70 programs in Africa, Asia and the Pacific, Europe, Latin America, and the Middle East, as well as our comparative International Honors Programs (IHP) which span multiple locations. In addition to our rich history, our programs’ unique qualities—including exceptional locations, independent research, internships, cultural immersion, and deep networks of local partners—make our programs an ideal choice for an extraordinary and transformative study abroad experience.

SIT Study Abroad programs are interdisciplinary and appropriate for a variety of majors. This gives students the opportunity to grapple with the complexities of today’s most pressing issues in specific cultural and geographical contexts or comparatively across several countries.

SIT programs are developed around a framework of the most Critical Global Issues (CGIs) of our time—challenges that transcend borders to touch every human on the planet. We have developed this framework so that the next generation of leaders has the expertise and intercultural understanding to engage multiple identities, perspectives, and cultures in respectful, enduring, and meaningful responses. There are seven CGIs in our framework including: Climate & Environment, Development & Inequality, Education & Social Change, Geopolitics & Power, Global Health & Well-being, Identity & Human Resilience, and Peace & Justice. Explore SIT’s complete CGI Framework.

INTERNATIONAL HONORS PROGRAM

Beyond our traditional programs, the SIT portfolio also features IHP, which offers students the opportunity to compare and contrast a critical issue in multiple countries within the framework of SIT’s values of community, intercultural understanding, sustainability, social inclusion, and justice. These academically rigorous semester-long programs explore health, human rights, climate change, cities, or food systems across four continents. Students begin examining an issue in the United States and deepen their understanding as they travel to two additional countries. By analyzing issues and systems from a local to global scale, students begin to understand their complexity and the challenges of addressing them. Program themes and locations are developed simultaneously, with locations selected for their relevance to the subject and their contrasts with each other. The IHP curriculum is intensive and includes four courses taught by academics and field specialists, augmented by site visits and research. Learn more about IHP.
Pervasive inequality impacts individuals and communities worldwide. Where historic development practices have fallen short of lasting change, local responses offer innovative solutions to build more sustainable futures. Our programs explore these efforts to balance ecological sustainability, economic opportunity, and gender equity alongside the complexities of growth-centric development. Students become deeply aware of what it means to confront inequality as they witness firsthand the work of people engaged in creating more just and fair societies. Explore programs under our Development & Inequality CGI.
Please note that SIT will make every effort to maintain its programs as described. To respond to emergent situations, however, SIT may have to change or cancel programs. Please see the SIT Study Abroad website for the most up-to-date information, studyabroad.sit.edu.

• Program offers internship

SEMESTER PROGRAMS

IMMERSIVE IN-PERSON

ARGENTINA
• Public Health in Urban Environments
Examine urban epidemiology and the challenges and inequities in public health policy in Buenos Aires.
sit.edu/arh

• Transnationalism & Comparative Development in South America
Examine the social and economic development strategies of Argentina, Brazil, Paraguay, and Uruguay.

SCHOLARSHIPS & GRANTS
Each year, SIT awards more than $1.6 million in scholarships and grants to our students. SIT is committed to helping students from diverse economic backgrounds experience field-based international education. Our scholarships are awarded to highly qualified students who demonstrate financial need. Individual awards generally range from $500–$3,000 for summer programs and up to $5,000 for semester programs. Learn more about applying for scholarship and grants to fund your study abroad.

SIT PROGRAM PROTECTION
SIT is an investment in your future. Here’s how we help you protect it.

As you build a strong foundation for your future, you can invest with confidence in SIT. We are committed to protecting your investment in case of program suspensions due to health, safety, or security concerns. As an SIT student, you are entitled to protective measures, which, depending on circumstances, may include refunds, reimbursements, or options to change programs or defer. Learn more about how SIT protects your investment.

OUR COMMITMENT TO RESPECT & RESPONSIBILITY
A primary goal of SIT Study Abroad is to promote understanding among people from different parts of the world. This can only be realized if SIT students are committed to respecting others and taking responsibility for their own actions. As such, SIT maintains a set of clear policies regarding student behavior which are outlined in our Student Handbook.

ACCREDITATION
SIT is accredited by the New England Commission of Higher Education (formerly the Commission on Institutions of Higher Education of the New England Association of Schools and Colleges, Inc.). Inquiries regarding the accreditation status should be directed to the administrative staff of SIT. Individuals may also contact NECHE.

SIT has been approved to participate in the National Council for State Authorization Reciprocity Agreements. Learn more about SIT’s accreditation.
SIT WORLD LANGUAGES CENTER

The SIT World Languages Center is committed to promoting and preserving indigenous and less commonly taught languages while also providing critical, specialized courses in widely studied languages. The Center is an international community of language educators and learners, which offers high-quality, innovative language-learning opportunities through online and in-person experiential courses for college credit. Explore the courses offered through the SIT World Languages Center.

SIT GRADUATE INSTITUTE

SIT Graduate Institute, a pioneer in experiential education for more than 50 years, offers global master’s degrees and post-graduate programs in the fields of climate change and global sustainability, conflict transformation and peace and justice leadership, international education, sustainable development, and TESOL. Discover SIT Graduate Institute’s programs.

HOW TO APPLY

1 FIND A PROGRAM:
   Visit studyabroad.sit.edu for complete program descriptions and course syllabi.

2 TALK TO YOUR ADVISORS:
   Visit your home college’s study abroad office and meet with your academic advisor.

3 APPLY:
   Apply online at: studyabroad.sit.edu/apply
   Contact the SIT Study Abroad admissions office at studyabroad@sit.edu, 888 272-7881 (toll-free in the US), or 802 258-3212 with questions.

4 FIND FINANCIAL AID AND SCHOLARSHIPS:
   Talk to your home college’s financial aid office and visit studyabroad.sit.edu/scholarships
The World Learning Inc. family includes the global development and exchange nonprofit World Learning; The Experiment in International Living, the nation’s most experienced provider of international education through exchanges for high school students; and School for International Training (SIT), offering accredited undergraduate study abroad programs through SIT Study Abroad and internationally focused master’s degrees through SIT Graduate Institute.
