CRITICAL GLOBAL ISSUE

IDENTITY & HUMAN RESILIENCE

2020-2021 STUDY ABROAD PROGRAMS

SIT SCHOOL FOR INTERNATIONAL TRAINING

STUDY ABROAD
SIT is a leader in immersive, field-based study abroad programs for undergraduates. We offer more than 70 programs in Africa, Asia and the Pacific, Europe, Latin America, and the Middle East, as well as our comparative International Honors Program (IHP) which spans multiple locations. In addition to our rich history, our programs’ unique qualities—including exceptional locations, independent research, internships, cultural immersion, and deep networks of local partners—make our programs an ideal choice for an extraordinary and transformative study abroad experience.

SIT Study Abroad programs are interdisciplinary and appropriate for a variety of majors. This gives students the opportunity to grapple with the complexities of today’s most pressing issues in specific cultural and geographical contexts or comparatively across several countries.

SIT programs are developed around a framework of the most Critical Global Issues (CGIs) of our time—challenges that transcend borders to touch every human on the planet. We have developed this framework so that the next generation of leaders has the expertise and intercultural understanding to engage multiple identities, perspectives, and cultures in respectful, enduring, and meaningful responses. There are seven CGIs in our framework including: Climate & Environment, Development & Inequality, Education & Social Change, Geopolitics & Power, Global Health & Well-being, Identity & Human Resilience, and Peace & Justice. Explore SIT’s complete CGI Framework.

**INTERNATIONAL HONORS PROGRAM**

Beyond our traditional programs, the SIT portfolio also features IHP, which offers students the opportunity to compare and contrast a critical issue in multiple countries within the framework of SIT’s values of community, intercultural understanding, sustainability, social inclusion, and justice. These academiaically rigorous semester-long programs explore health, human rights, climate change, cities, or food systems across four continents. Students begin examining an issue in the United States and deepen their understanding as they travel to two additional countries. By analyzing issues and systems from a local to global scale, students begin to understand their complexity and the challenges of addressing them. Program themes and locations are developed simultaneously, with locations selected for their relevance to the subject and their contrasts with each other. The IHP curriculum is intensive and includes four courses taught by academics and field specialists, augmented by site visits and research. Learn more about IHP.
The human condition is in change. Human rights and identity. War. Climate change. Economic disparities. Discrimination. Indigenous and marginalized individuals are exploring what it means to be different and equal in a complicated world, and those under pressure from their environment are on the move with mixed migration challenging national, communal, and personal identities. Our programs explore the human condition and the crisis of belonging in an increasingly complex and mobile world. Students gain critical insight on the phenomena of resilience and resistance through listening to the voices of indigenous people and marginalized groups. Explore programs under our Identity & Human Resilience CGI.

SUMMER
SCHOLARSHIPS & GRANTS
Each year, SIT awards more than $1.6 million in scholarships and grants to our students. SIT is committed to helping students from diverse economic backgrounds experience field-based international education. Our scholarships are awarded to highly qualified students who demonstrate financial need. Individual awards generally range from $500–$3,000 for summer programs and up to $5,000 for semester programs. Learn more about applying for scholarship and grants to fund your study abroad.

SIT PROGRAM PROTECTION
SIT is an investment in your future. Here’s how we help you protect it.

As you build a strong foundation for your future, you can invest with confidence in SIT. We are committed to protecting your investment in case of program suspensions due to health, safety, or security concerns. As an SIT student, you are entitled to protective measures, which, depending on circumstances, may include refunds, reimbursements, or options to change programs or defer. Learn more about how SIT protects your investment.

OUR COMMITMENT TO RESPECT & RESPONSIBILITY
A primary goal of SIT Study Abroad is to promote understanding among people from different parts of the world. This can only be realized if SIT students are committed to respecting others and taking responsibility for their own actions. As such, SIT maintains a set of clear policies regarding student behavior which are outlined in our Student Handbook.

ACCREDITATION
SIT is accredited by the New England Commission of Higher Education (formerly the Commission on Institutions of Higher Education of the New England Association of Schools and Colleges, Inc.). Inquiries regarding the accreditation status should be directed to the administrative staff of SIT. Individuals may also contact NECHE.

SIT has been approved to participate in the National Council for State Authorization Reciprocity Agreements.
